

How to Use Virtual Background in Zoom

If you wish to use one of ESSO 2020 Virtual backgrounds during your recordings or live Q&A sessions, please read the following instructions.

- I. Please download one of the pre-prepared virtual background into your computer. Firstly click on the colour you prefer below. Picture will open in your browser. Then right-click the picture and select „Save image as“ and save it to your computer.
 - a. [Purple](#)
 - b. [Green](#)
 - c. [White](#)

2. Navigate into the video settings in the Zoom meeting and click the “Virtual Background” option in the menu.

3. Click the “+” icon in the Virtual Background settings and add your previously downloaded picture.

4. After the ESSO 2020 picture is imported, simply select the picture in the gallery and you are set. Preview of your camera capture with the applied virtual background is visible right above the virtual background gallery.

For detailed instructions, please view [this video manual by Zoom](#) or read the complete instructions [here](#).
